ABSTRACT

Dear colleagues,

At the time of writing, this year's edition of the annual BSR meeting will probably be a live event.

The program will consist of a fascinating mix of clinically oriented lectures on MSK imaging, presented by experts in their respective field.

I am happy to take the opportunity to thank Professor Raymond Oyen, President of the Scientific Council, Professor Maryam Shahabpour and the Presidents of the Young Radiologist Section, Nina Watté and Amin Mahsouli, and all others involved in the organization of this Annual Meeting.

I wish you all an interesting and pleasant BSR Annual Meeting 2021!

Warm regards,

Dr. Piet Vanhoenacker

BSR President
